BEWITCHING WORD GUESSING GAME

Brew up some fun with this game of bewitching words. Try to guess the secret word, one word at a time!

Print out the following pages; trim out each card along the solid lines. Fold each card in half along the dashed line and apply glue to make the card.

Note: Cutting should be done by an adult.

Mix up the folded cards and make a stack with the word facing down.

To Play:

One player will be the “giver”. The giver will draw a card, keeping the word a secret to start the game. The giver will say one clue word to the player(s). One at a time, a player may guess the secret word. If that word is wrong, another player may guess the secret word OR the giver will give a new clue word. The player that correctly guesses the secret word gets the card and becomes the giver. The player with the most cards at the end of the game is the winner!

TIP: The clue cannot contain any part of the secret word. Example: If the Secret Word is “BOYFRIEND”, the giver cannot say “GIRLFRIEND” as a clue. Also, the giver cannot use body or hand motions to act out the secret word.
